What is difficult about accessing these services?

What helps you when accessing these services?

What do you find difficult about accessing the right support?

How do you think services could be improved?

Have you ever asked for reasonable adjustments

Yes

No

What reasonable adjustments have you asked for?

What reasonable adjustments do you think would help you?

What other barriers do you find accessing the community?
This could be finding work, accessing leisure and social activities etc.

What do you want people in charge of health (the NHS) to know about helping people to be healthy and well?

What health issues are important to you?

This might be things that would help you at the doctors or hospital, it might be about a specific condition, easy read information, annual health checks, health passports etc.

Thank You

Thank you for answering these questions.
