Dorset People First told us about work they have been doing on Annual Health Checks.

We also had a presentation from Devon County Council about what makes a good health check for people.

Some people in the group didn't know they could have an annual health check.

Inclusion Gloucestershire said they had looked at work other groups in the UK had been doing to help people to get their Annual health check.

Ace Anglia have shared training materials for their peer-led workshops.

These workshops help people know how to get a good annual health check.

Someone said that GPs need to have training too.

Someone was involved in a campaign with Mencap, called "Getting it Right from the start"

Devon People First have done GP training on Annual Health Checks several years ago.
